## SYMPOSIUM OVERVIEW

The Symposium will build on the results of previous Symposia held every two years in the U.S. and China, with the goal of assisting CAAC and other Chinese aviation representatives in identifying advanced U.S. technology that will support development of China's aviation infrastructure. The Symposium will serve as an impetus to facilitate the sale of U.S. equipment and services in the competitive Chinese aviation market.

Topics will focus on new air traffic management technologies and management procedures, maximizing air traffic control capacity and efficiency, aircraft environmental issues, safety certification, airport sustainability and general aviation development, among other subjects that are critical to an expanding aviation infrastructure.

conference rate of 1322 CNY (approximately \$215 USD) single or 1437 CNY (approximately \$235 USD). Reservations must be made by **Friday, August 23, 2013**, in order to guarantee these rates.

## SYMPOSIUM DETAILS

The symposium will begin with an evening reception on Monday, September 9, and conclude with an evening reception on Wednesday, September 11. A full day of optional site visits in Beijing has been scheduled for Thursday, September 12.

## SPONSORSHIP OPPORTUNITIES

U.S. companies seeking to begin or improve their influence in the aviation security industry would benefit through numerous sponsorship opportunities at this Symposium. They include priority speaking engagements; sponsorship of events during the Symposium; verbal and written recognition of financial support during the event; and complimentary registrations. For further sponsorship information, contact Spencer Dickerson, AAAE, at (703) 824-0500, Ext. 130, or email [spencer.dickerson@aaae.org](mailto:spencer.dickerson@aaae.org).
